SPEAKERS CATALOGUE

Hertz Speaker

Experience crystal-clear sound and powerful audio performance with the Hertz X165 6-Inch Coaxial Speakers. Engineered with precision, this pair delivers deep bass, smooth mids, and crisp highs—perfect for upgrading your in-car audio system.

Hertz K165 Component Speaker System

Step into the world of high-fidelity car audio with the Hertz K165 Component Speaker System. Designed for pure, balanced sound, this system includes a pair of 6.5-inch speaker, separate tweeters, and external crossovers, delivering an immersive listening experience for audiophiles and everyday drivers alike.

Motogear Speaker

Enhance your car's audio performance with the Motogear MG-6600 6-Inch Coaxial Speakers. Built to deliver clear vocals, punchy bass, and crisp highs, this speaker pair is the ideal upgrade for factory-installed sound systems, offering great performance at an affordable price.

Motogear 6.5" Component Speaker Set

Elevate your in-car audio with the Motogear 6.5" Component Speaker Set, designed for those who want clean, immersive sound. This system includes 2 mid-bass woofers, 2 silk dome tweeters, and 2 external crossovers, providing true stereo separation, rich mids, and crisp highs. A perfect upgrade for any audiophile seeking superior clarity and control.

Morel Speaker

Bring your music to life with the Morel Maximo 6 Coax MKI, a high-performance 6-inch (160 mm) coaxial speaker pair engineered for clarity, depth, and dynamic sound. Designed by renowned Israeli audio brand Morel, this series offers an ideal upgrade for car owners looking for premium sound without the complexity of a component system.

Morel Maximo 6 MKII Component Speaker System

Experience unmatched musical clarity and performance with the Morel Maximo 6 MKII Component Speaker System, engineered for discerning listeners who demand the best. This system includes two 6.5" mid-bass drivers, two high-resolution tweeters, and two external crossovers, delivering rich lows, smooth mids, and crystal-clear highs with signature Morel warmth and detail.

Nakamichi Speaker

Enhance your car audio system with the Nakamichi NSE-1628 6.5" Coaxial Speakers, designed to deliver crystal-clear sound, dynamic mid-bass, and crisp highs. Ideal for replacing factory speakers, this pair offers a perfect balance of performance, durability, and Nakamichi's trusted Japanese audio engineering.

Nakamichi NSE-CS1628 component speaker

Elevate your car audio with the Nakamichi NSE-CS1628 — a precision-engineered 2-way component speaker system designed to deliver rich, detailed sound with a wide frequency range. Whether you're cruising or commuting, this system ensures your music sounds full, clear, and immersive.

JBL A450HI

Upgrade your ride with the JBL A450HI, a 6.5-inch 2-way coaxial speaker pair engineered to deliver dynamic sound, deep bass, and high durability — all at an affordable price point. Backed by JBL's legacy of audio excellence, this model is perfect for replacing factory speakers with a powerful aftermarket solution

JBL A352HI

Bring JBL's legendary sound to your car with the JBL A352HI, a 6.5-inch 2-way coaxial speaker pair designed to deliver rich, clear audio at all volume levels. With a powerful mid-bass driver and a balanced dome tweeter, this speaker is a perfect replacement for dull factory speakers — offering a vibrant sound upgrade without breaking the bank.

STAGE2 604CFHI COMPONENT

The JBL Stage2 604CFHI is a 6.5-inch component speaker system designed to deliver JBL's rich, clear audio with impressive power handling and separation. This set includes two woofers, two separate dome tweeters, and passive crossovers—making it an ideal upgrade for enthusiasts looking for enhanced sound staging and fidelity in their car's audio system.

Sony XS-FB162E 2-Way Coaxial Speakers

Upgrade your in-car audio with the Sony XS-FB162E 2-Way Coaxial Speakers, designed to deliver powerful sound, crisp vocals, and rich bass in a compact, easy-to-install format. With its high-efficiency performance and modern styling, this speaker pair is the perfect replacement for stock speakers, bringing your favorite music to life on every drive.

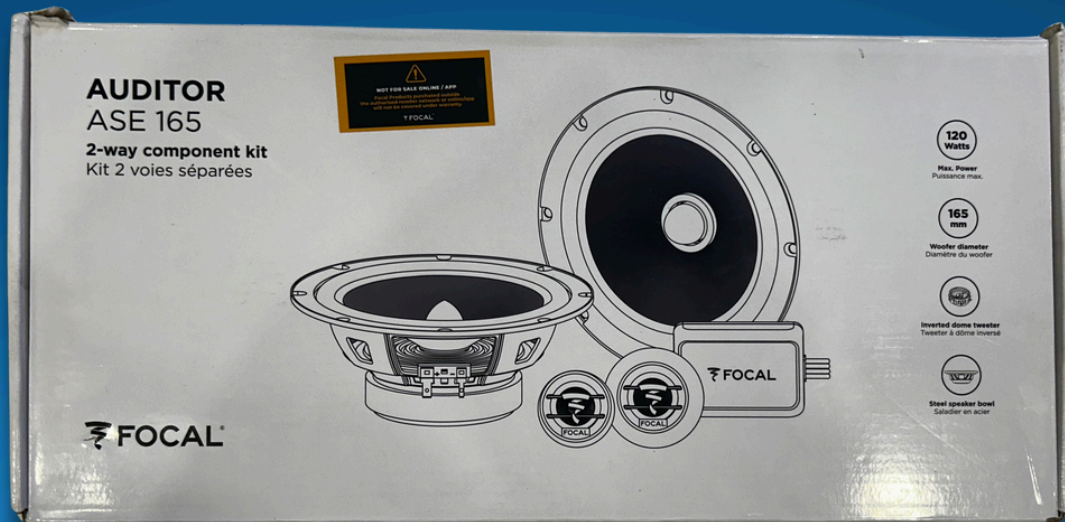

Sony 2 way XS-FB1621C Component

Upgrade your car's sound system with the Sony XS-FB1621C 2-Way Component Speakers. Designed to deliver exceptional clarity and precision, this system features powerful 6.5-inch woofers paired with dedicated dome tweeters, ensuring detailed highs and punchy bass. Whether you're listening to music, podcasts, or radio, this speaker setup brings out the best in every audio track.

Focal speaker

The Focal ACX165 Coaxial Speakers deliver outstanding sound clarity and precision, bringing studio-quality audio to your car. Designed for audiophiles and everyday drivers alike, these speakers offer detailed mids, dynamic bass, and crisp highs with Focal's signature engineering. Upgrade your factory setup and enjoy a fuller, more immersive listening experience on every drive.

2 way component kit

Elevate your car's sound system with the ASE165 Component Speaker Pair, designed to deliver rich, dynamic, and well-balanced audio across all frequencies. With separate woofers and tweeters, this component system offers crystal-clear highs, detailed mids, and punchy lows for a premium listening experience. Perfect for audiophiles looking to upgrade from standard coaxial setups.

603F Infinity Speakers

Experience powerful, clear, and immersive sound with the 603F Infinity Speakers. These high-performance coaxial speakers deliver crisp highs, deep bass, and balanced mids—perfect for enhancing your in-car audio experience. Built with advanced materials and tuned for precision, the 603F series ensures a premium upgrade over factory-fitted speakers without compromising space or design aesthetics.

603CF component

Take your car audio experience to the next level with the 603CF Component Speaker Pair. These high-performance speakers come with separate woofers, tweeters, and crossovers, providing superior sound separation and clarity. Designed for audiophiles and music lovers alike, the 603CF delivers rich mids, deep bass, and crystal-clear highs for a truly immersive in-car listening experience.

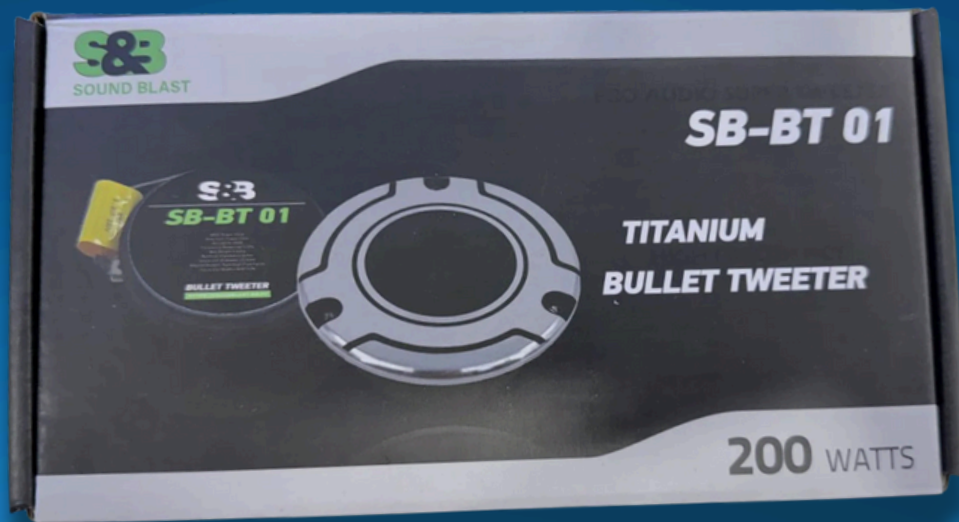

Harman Kardon Tweeters

Upgrade your car audio experience with the Harman Kardon Tweeters, engineered to deliver crisp highs, clear vocals, and detailed sound quality. Designed with precision, these tweeters bring your music to life by enhancing clarity and balance in every beat. Perfect for music enthusiasts who want premium sound performance in their vehicle.

Worldtech Tweeters

Enhance your in-car entertainment with the Worldtech Tweeters, designed to deliver sharp, high-frequency sound with precision. These compact tweeters ensure your music is rich, detailed, and perfectly balanced, making every drive more enjoyable. With easy installation and universal compatibility, they are a great upgrade for any car audio system.

S&B Bullet Tweeters BT01

Upgrade your car audio system with the S&B Bullet Tweeters BT01, engineered for powerful and crystal-clear high-frequency performance. These tweeters are designed to add sharpness and detail to your music, ensuring every beat and note is heard with precision. With a sleek bullet-style design and durable build, they are perfect for car enthusiasts looking for both style and performance in their audio setup.
